Guidelines required for "Sunflower" mosaic design.

1. Draw red lines as shown with a ruler.
2. Transfer the drawing onto the board using the lines as a guide. There is no need to be too accurate with the flower petals & leaves - put your own stamp on it!
3. Trace over with a felt pen if you like.

Alternative methods of transferring the design

The drawing below could be taken to a photocopy or print shop and enlarged to your desired size. You can then use carbon paper to trace the design directly onto your backing board.
